

Cabinet Maker / Wood-worker

Cake Industries design, engineer, fabricate and make beautiful things; from sculpture and staircases to cabinetry and pavilions. Working with the finest materials and taking a design-focused approach to all projects, we work with architects, designers, artists and contractors to bring concepts to life.

We are currently looking for an experienced Cabinet Maker to join our team.

Role

- You will have specialist knowledge and practical fabrication experience with a range of materials and processes with an emphasis on solid timber and panel fabrication for furniture
- You will carry out fabrication on a range of projects both in the workshop and on site
- You will uphold high standards of craft and workmanship, demonstrating awareness of quality management across varying projects and contexts from freestanding and fitted furniture to structural fabrication & detailed jig-making
- You will carry out high quality fabrication and finishing on a range of complex and interesting projects
- You will have a positive attitude and enjoy problem solving within a creative and collaborative environment
- You will ensure that that your own work is carried out efficiently
- You will maintain high standards of health and safety in your work both in our workshop and on-site
- If required, you will act as a mentor to junior and apprentice woodworkers & makers
- You will report to the workshop manager and the Directors

Salary

Competitive, based on experience and competence

Job Type

Permanent, 5 days a week. A salaried package including annual leave and statutory benefits.

Essential skills

- Minimum of three years' experience in a relevant environment
- Knowledge of fabrication in solid and panel materials
- Experience and understanding of woodworking machine tools including table saw, planer & thicknesser, spindle moulder and edge bander
- Experience with hand held woodworking machinery: router, sander, skill saw, planer etc
- Experience of using and maintaining (sharpening) personal hand-held wood working tools such as chisels, planes etc
- Excellent communication skills

- Ability to read and understand workshop construction drawings
- Knowledge of and implementation of good health and safety practice
- Exemplary time management and an organised and coherent approach to your work

Desirable skills

- Bench woodworking qualification(s)
- Experience of working both in a workshop and on site
- Machining and finishing (painting/oiling)
- CSCS Card and/or formal health and safety training
- Valid UK driving licence

Please submit your CV and examples of previous work including contact details for two references to info@cakeindustries.co.uk.

Applicants will be selected subject to an interview and skills trial over a working day (unpaid).
